The Division received the above-noted application on 1/20/17. Pursuant to R645-303-221, the requisite 15-day Initial Review has been completed.

The Division accepts this application for a technical review.

Please note since you are conducting mining operations within 100 feet of the outside right-of-way of a public road, you will need to have a public notice and opportunity for a hearing. Perhaps this has already been done when completing the NEPA, but if not, it will be required (see R645-300.121.150).

If you have any questions, please call Daron Haddock at [\(801\)538-5325](tel:8015385325).

Thank you
